a. On 3 May 2005, the new SISPE management model came into operation. This has involved changes and breaks in the series in this table.

b. There was a break in new vacancies and in de-registered vacancies in 1994 (Royal Decree Law 18/1993). Since May 2005, these items relate to jobs offered by employers.

The outstanding vacancies cannot be determined. The number of jobs de-registered may exceed the number initially offered.

c. There is a break in May 2005. Only the movements actually registered are compiled. Simultaneous registration and de-registration does not take place for each new contract.

d. The entry into operation of the new SISPE management model entailed a change in the classification of placements. The new classification is not homogeneous with the previous one, and this brought about a break in the series from May 2005. Previously placements were classified as "Without intermediation on INEM" (up to 1993) and "With intermediation of INEM" (since 1994).
